

LED 5 2-C-B&R

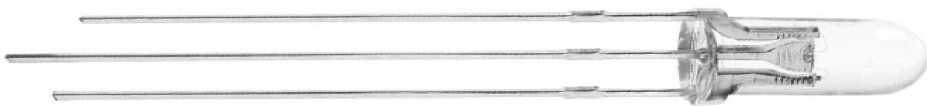

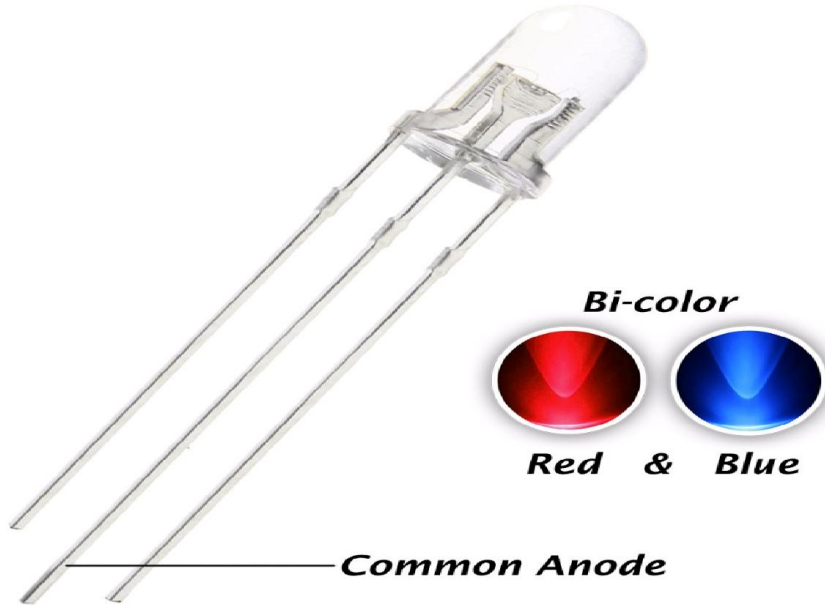

5mm LED Diode Blue And Red Common Cathode Bi-Color Water Clear Round 5 mm Light-Emitting Diode LED Lamp Light Transparent

Product description

- Brand Name : China Shenzhen
- Model Number : 5 mm Light Emitting Diode 3pin Bicolor Dual Color)
- Package Type : Through Hole
- Max. Reverse Voltage :5V 3 pin
- Max. Forward Current :20mA
- Max. Reverse Current:50mA
- Type : LED
- Condition : New
- Max. Forward Voltage : 2V - 2.2V(Red) 3V - 3.2V(Blue)
- Package Weight / Size : 44.2g / 140x160x24 (mm)

Specification:

- Quantity: 100 pieces / Pack
- Lens: 5mm Diameter / Transparent / Round
- Emitting Color: Red and Blue (Common Cathode)
- Luminous Intensity: R:2000-3000mcd B:7000-8000mcd
- Viewing Angle: 30 Degree
- Forward Voltage / Current: R:2V-2.2V B:3V-3.2V | 20mA (each color)
- Polarity: Anode (Shorter Part) | Cathode (Longer Part)

Unit:mm
