

AC-DC 12V2A 24W Switch Power Supply Module Isolated Bare Board

Specifications for this item

Brand Name	Paialu
Ean	5693439552759
Part Number	PaiIcMix9__11446

Product description

Product features:

The product is easy to install, the input and output can be welded with 5.08 terminals or the pins are reused

The four corners are equipped with fixed holes, which can be fixed by screws to prevent movement or vibration. The diameter of the fixed holes is 3mm

Global general input voltage AC 100v-265V and versatility

High efficiency, strong design density, convenient wiring and low output ripple.

High input and output isolation

The protection of overload, short circuit and over temperature is all

Introduction of product parameters:

Model: WX-DC24025

Condition: Brand new

Power Protect: Overload, Short Protect

Voltage Input: AC 100~265V

Rate Input: 50HZ~60HZ

Output Voltage: DC 12V

Output Current: Rated 2A/Peak 4A Protect

Output Power: 24W

Size: L6.9CM*W3.6CM*H2.5CM

Package included:

1x AC-DC 12V 2A 24W Switch Power Supply Module Isolated Bare Board

Please note that buyers are responsible for all additional fees, brokerage fees, and for importation into your country. These additional fees may be collected at time of delivery. We will not refund shipping charges for refused shipments.

/About service/

On-Time Delivery

Full refund if product isn't received in guaranteed delivery time

Longer Protection

15 day more protection after order completion

Returns Extra

Return any product, only those in perfect condition

Guaranteed Quality

Guaranteed Quality or Full refund
