

**Solarflex SA.**

**Product: Sunboard 7Watt Semi Flexible Solar Panel.**  
**Code: sunboard7.**

The Sunboard is a lightweight solar charger, semi-rigid and unbreakable (containing no glass).

Perfect for 12V battery maintenance and charging, the Sunboard is the ideal charger for all small remote applications (rural electrification, garden house, caravan rooftops, etc.).

It is therefore shock resistant and easy to handle and install.

Thanks to our technology, we have developed a range of new generation solar chargers satisfying the most stringent demands with respect to mobility and free energy accessibility.

All our products are semi-flexible, lightweight, temperature and shadow tolerant.

**Specifications Sunboard 14:**

Power: 7 W

Operating voltage: (Vmpp) 15 V

Operating current: (Impp) 450 mA

Open circuit voltage: (Voc) 23 V

Short circuit current: (Isc) 600 mA

Dimensions: 350 x 695 mm

Active area: 278 x 605

Thickness: 2 mm

Temperature operating range: - 20° to +60°C

Weight: 720 g

Connector: AMP 1.5 series IP67

**Price: R 695.00 Inc Vat.**
