

Normally Open Water Pneumatic Solenoid Valve / Solenoid Pilot Valve With 15mm Stroke

- 1
- 2

Brand Name : **GOGOATC**
Model Number : **DS-102MD**
Certification : **CE**
Place of Origin : **ZheJiang China**
MOQ : **50pcs**
Price : **negotiation**
Payment Terms : **T/T, Western Union, Paypal**
Supply Ability : **3,000pcs per month**
Delivery Time : **5 working days after received your payment**
Packaging Details : **Packed in carton firstly, and then reinforced with wooden case for outer packing**
voltage : **AC220v**
stroke : **15mm**
frequency : **50/60Hz**
Suction : **1.0Kg above**

Special equipment of hosiery machine DKC solenoid DS-102MD

Specification

Voltage: AC220V/A110V
Frequency: 50/60Hz
Standard stroke: 15mm
Suction: 1.0Kg above

Basic characteristics

- 1 epoxy resin injection molding, heat resistance, water resistance, oil resistance, impact resistance is very strong.
- 2 shell tape type, the shell plays the role of protection coil, so greatly improve the safety performance of the product.
3. NYLON resin and spool movable core as a whole, which greatly improved the mechanical properties and electrical products.

Basic use

- 1 switch: vending machine, game machine, conveying device
- 2 automatic separator for the electromagnet: Fruit screening machine
- 3 brake: CNC machine, elevator, crane, grinder
- 4 clutch: safety devices, switches, emergency equipment, CNC machinery
- 5 conversion device: automatic machinery, counter, mechanical separation regulator
- 6 drilling machine, punching machine: punching machine, drilling machine, code machine
- 7 supply device: air purifier, refrigerator, packaging machinery, electric heater

Shipment and Payment

- 1: Usually we ship your order by sea or by air...
- 2: We do our best to ship your order within 1 week after receiving your payment
- 3: We'll tell you the tracking number once your order has been sent.
- 4: We accept T/T Bank transfer, L/C, Western Union, Moneygram, Paypal.

Warranty of solenoid valve

1 years warranty

Maintenance instructions:

1. attention to check the use of components, in the transport process is damaged, and then install the use of.
2. When installing, please note that the gas flow direction and the takeover are correct.
3. when using, please strictly comply with the technical requirements, such as the operating voltage, operating frequency, working pressure, the use of temperature, the whole machine debugging, it is recommended to use a manual device debugging, and then through power debugging.
4. Please pay attention to dust, it is recommended to install the exhaust port or muffler muffler throttle.
5. When connecting pipe, pay attention to only release the strap around the joint may not exceed the end face of the tooth, and pay attention to the elimination of pipe fittings, metal particles inside the pipe, dust and oil, etc

- 1: Various style for each products and completely series auto parts products for you to choose from.
- 2: Large stock for fast shipping.
- 3: High quality with competitive price
- 4: Sample order & small quantity order is ok
- 5:Customize according to your special demand.
- 6: Provide free products information.
7. Reliable quality assured and active after-sell service

Feel free to contact us at anytime if you have any problems or questions on your purchase. We will resolve any problems such as damaged, not as described, missing parts, and lost items. All emails will be replied within 24 hours except Saturday. & Sunday and Chinese holidays. If you have any other requirements or questions, welcome to visit our website, or just contact with us directly. Thank you!
