

# **Luxury 12-key 500 meters high power remote remote control 315M/433M/ASK wireless remote control**

## **Product Description:**

This product is the company's luxury long-distance remote control, luxurious and high-grade (mobile phone style), with rod antenna, can be matched with the receiving controller produced by our company to form a complete wireless remote control motor system. Its internal circuit design is advanced, and it adopts sound table frequency stabilization, high sensitivity, high stability and low power consumption. It is mainly suitable for various household/ commercial burglar alarms; industrial automatic control; various receiving controllers, electric Curtains, etc.

## Product :

Working voltage: DC12V/23A

Working frequency: 315MHz/433.92MHz (other frequency can be customized)

Working current:  $\leq 20\text{mA}$

Encoding mode: fixed code PT2264, learning code EV1527

transmission distance: 1000m (open receiver sensitivity is above -103dBm distance)

output Power: 30mW

transmission rate:  $< 10\text{Kbps}$

modulation mode: ASK (amplitude modulation)

Working temperature:  $-10^{\circ}\text{C} \sim +70^{\circ}\text{C}$

Size:  $85 \times 37 \times 16\text{mm}$
