

CZCLA-200W-5 Switching Power Source

Details

Product Name:

CZCL 200W 5V 40A Switching Power Supply (A-200W-5)

Product Features:

Low output ripple&noise

Built-in EMI filter

High reliability

Approvals:CE CCC

Protections : Over load/Short circuit

Case:808 Size:199×110×50mm

1 years warranty

Input frequency-----47-63Hz

AC input voltage range-----176-264VAC

DC adjustment range-----±10% rated output voltage

AC inrush current-----Cold start, 60A/230VAC

Output over load protection-----110%-150% shut off, AC recycle to re-start

Line regulation (full load) -----≤0.5%

Withstand voltage-----I/P-O/P,I/P-FG:1.5KVAC, O/P-FG: 0.5KVAC, 1min

Rise, hold up time-----50mS, 20mS at full load (typical)

Storage temperature----- -20°C~+85°C, 20%~95%RH(non condensing)

Working temperature----- -10~+40°C@100%, +60°C@60% load

EMC standards----- Design refer to GB9254, EN55022 class A

Safety standards-----Design refer to GB4943, UL60950-1,EN60950-1

Cooling method-----Free air cooling convection
