

## 250 Volt Glass / Ceramic Fuse Holder 5\*20 Mm PV Electronic Components

**Julun** 卓仑电子 CE ROHS UL

MOQ :100 / Negotiable

Packaging Details :Standard carton

Brand Name :Julun

Certification :CE/UL/VDE/KC/ROHS

Model Number :PTF

Place of Origin :CHINA

colour :White / Black

purpose :Electronics

Voltage characteristics :Safety voltage

Fusing speed :F

Maximum voltage :250v

Maximum current :10a

Holding current :6.3a

Action temperature :240°C

Temperature range :30-240°C

## Electronic fuse holder 5\*20 mm glass ceramic fuse holder flame retardant

### Dimensions

#### Product parameter

Product model -649C

Assembly method horizontal

Product material -PBT+H62 (or ABS)

Temperature resistance -260 C

Current range -6.3AA/1.6W/250V

The assembly of 5 \* 20MM - fuse

Environmental protection standard -ROHS-OPHS-REACH
