

## HV Linear capacitors 25KV 230pf

power factor correction capacitor bank  
refrigerator capacitor

### Characteristics:

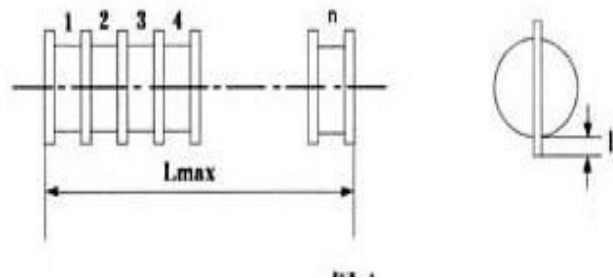

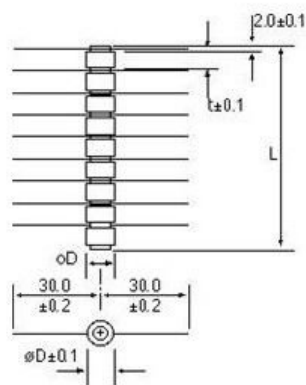

- 1) Operating temperature range  $-25^{\circ}\text{C} \sim +85^{\circ}\text{C}$ ,
- 2) Small size, high withstand voltage,
- 3) Excellent performance of charging and discharging,
- 4) Large insulation resistance  $\geq 10^9 \text{M}\Omega$

### Applications:

Used for high voltage power source, such as printer, electrostatic paint spraying equipment, color TV sets focus and voltage-multiplying circuit.

### MODELS OF SERIED DISCS CAPACITOR

| TYPE             | NONIMAL CAPACITANCE AND TOLERANCE |               | RATED VOLTAGE (KVDC) | NO. Of DISCS IN SERIES | OUTLINE SIZE (mm) |
|------------------|-----------------------------------|---------------|----------------------|------------------------|-------------------|
|                  | CAP. (pF)                         | TOL           |                      |                        |                   |
| CT813-20KV-331PF | 330                               | +/-5%, +/-10% | 20                   | 8                      | 6*36              |
| CT813-20KV-350PF | 350                               | +/-5%, +/-10% | 20                   | 12                     | 6*60              |
| CT813-20KV-471PF | 470                               | +/-5%, +/-10% | 20                   | 8                      | 11*35             |

Dongguan Amazing Electronic Co.,Ltd. is specializing in manufacturing various kinds of high voltage and high frequency ceramic capacitors.Welcome to contact us for further information.

High Voltage Linear Capacitor 20KV 150pf /general electric capacitor
