

5mm LED IR Infrared Emitter 940nm Light Emitting Diode LED Lamp

Product description

Description:

DC 1.2.0-1.5V / 20mA

IR LED Diode

This is IR (Infrared) LED Diode

It is invisible light.

Product information

Technical Details

Item Weight	1.95 pounds
Package Dimensions	4.6 x 3.4 x 1.4 inches
Color	Clear
Material	Plastic
Shape	Bulb
Power Source	DC
Wattage	0.2 watts
Item Package Quantity	100
Type of Bulb	LED
Special Features	Can be used as light decorations, torches, toys & gifts, car decorations, light box advertising, signal indicator, and so on, Small size and super bright
Batteries Included?	No
Batteries Required?	No
