XS3868 Bluetooth Stereo Audio Module

Product Details:

Bluetooth Stereo Module
Condition: New
Chip: ovc3860
Bluetooth: version2.0
Frequency: 2.402-2.48-Ghz
Max transmit power:Class 2 4dBm(at antenna pad)
Receive sensitivity: better than -82dBm
Range: about 10 meters
Data rates Up to 3Mbps(over the air)
UART DATA Transfer rate: 115200bps
UART: no flow control support
Microphone: mono microphone input with bias
Profiles: A2DP-sink only
AVRCP-Controller only
Supply voltage: supply:DC 3.0-3.6V
IO:1.7V-3.6V
**Current consumption: operational-less than 25ma(active)**
Idle(sleep)<>
External antenna: Connection via S M T pad
Dimensions: 30 x 17 x 3.4mm
6 Button to input: boot key, matching key, volume up, volume down, move next, move previous
2 indicator light to indicate different work condition
